FRITH'S INDIAN PHOTOGRAPHS

SEASON 1875-76.

MESSRS. THACKER, VINING & Co. desire to draw especial attention to the above Series of Photographs, which has now been completed by the addition of some 200 Views taken by an Artist, who passed the Season of 1874-75 in India for that special purpose.

The additions made include Views of the New Buildings in Bombay, a Series of Matheran Scenery, Views at Bassein, Poona, Nassick, and at all places of interest in this Presidency, as well as a large number of Views in Calcutta, Madras, &c., &c.

The entire Series now consists of over 500 Photographs, size 8 inches by 6½, the subjects being most artistically chosen and photographed, and exquisitely printed; they are certainly equal, if not superior, to any that have yet been produced, whilst they are sold at the remarkably cheap rate of Rs. 15 per Dozen.

Sample Albums are always on view.

...LLIGENCE.

THE ... reported by ... others as quiet ... day's advices are still ... Orders but steady for arrivals, prices ... being unchanged. The heavy imports ... must necessarily have exercised a depressing influence, and with a stock in Liverpool of a million bales, there is not much room for an advance in prices, unless from adverse advices respecting the planting of the next American crop. A fortnight ago floods were reported but they do not appear to have done much harm, and judging from the way the price of futures has been declining in New York within the past few days, the weather so far cannot be very unfavourable. Statistically the future prospects of the staple are by no means discouraging, especially of Surats, but of late years, figures alone have not afforded the best indication to the ultimate course of events, so many outside influences having intervened. During the past week, for instance, the appearance of continental politics has given rise to a very unsettled feeling not only respecting cotton, but in business generally, and although the latest telegrams report the probability of a peaceful settlement of present difficulties, there can be no doubt that such a result will not be counted upon with any degree of confidence until a definite line of action respecting the Turkish difficulty has been finally adopted by the leading Powers.

The total visible supply of cotton for all Europe on the 21st instant is reported by Reuter at 3,900,000 bales, but this is evidently a mistake of a million bales, and the comparison with the previous two years would accordingly stand as follows :—

	1876	1875	1874
Total of all kinds	3,900,000	2,814,800	2,994,360
,, ,, Surats	490,000	385,590	781,500

For the U. K. only the supply stands as follows :—

	1876	1875	1874
Stock in Liverpool... ...	1,000,000	887,920	786,630
,, London	59,000	104,000	121,090
American Afloat	210,000	303,000	256,000
East Indian do.	150,000	240,000	296,000
	1,419,000	1,434,920	1,499,720
Price of Mid. Orleans.....	6¼d.	8¼d.	8¾d.
,, Fair Dholleras ...	4 9-16d.	5 5-16d.	5¼d.
Difference ...	2 1-16d	2 13-16d.	2¾d.

The American figures to date are as follows :—

	1876	1875	1874
Total Receipts since 1st Sep.	3,827,000	3,282,000	3,539,000
,, Exports to U. K. ,, ...	1,650,000	1,494,000	1,531,000

,, Stocks at the Ports.....	660,000	515,000	465,000

Friday's Piece Goods Market in Manchester was virtually unaltered. In some descriptions there was rather more business doing but prices were unchanged.

The London General Produce Markets continue unaltered and Stocks are the same as last quoted. A further payment of £97,000 has gone into the Bank of England, and although money is said to be in active demand, the rate of discount on short dated bills in the open market stands at 1½ per cent.

STERLING EXCHANGE here has been quiet but firm to-day and a fair business has been done at yesterday's closing rates. At the present level we may be said to be working on the basis of 1s. 8¾d. for Council drafts which is generally understood to be the India Office minimum, but with the probability of a fall in Silver again since the demand for it has been taken off by the allotment of Council drafts, we may look for a lower level being discounted as we get nearer the end of the season. We quote :—

Bank Bills, on demand. ...	1s. 8 13/16d.	per Rupee.
Ditto, 6 months' sight	1s 9 1/16d.	,,
Credits, 6 months' sight	1s 9¼d.	,,
Documents, 4 months' sight, 1s	9 5/16d.	,,

On Calcutta there are sellers of demand at par ; sixty days' sight we quote at 98¾.

FOR GOVERNMENT PAPER the demand is more active, and although as yet the enquiry is only for small amounts, a healthier feeling prevails. Fours are worth Rs. 99½ ; Fours-and a-half, Rs. 100¾ ; Fives-and-a-half, Rs. 102¾.

In the SHARE MARKET but few transactions have taken place to-day and values are generally unchanged. Agra Bank shares have been sold at Rs. 96, a decline of Rs. 2, Bank of Bombays are quiet at 40¾ per cent. premium Dhurrumsey Spinning Shares have recovered Rs. 5 and Flemings are also Rs. 5 per share higher. G.I.P Railway stock has advanced to Rs. 267 per £20.

COTTON.—The quieter accounts from home and larger arrivals here especially of Mowa, Bhownuggur and Dholleras sorts have rendered sellers more anxious to do business, and although prices are nominally unaltered the market is unquestionably easier. The demand is slow and buyers generally hold off for a reduction of Rs. 2 to Rs. 3 per candy.

FREIGHTS by steamer are firm at £2-1-3 to £2-2-6 for Liverpool, the latter rate, however, being only obtained for small lots. By sail the enquiry is not active and £2 to £2-1-3 are the current quotations for iron vessels. The steamer "Consett" is reported fixed for Marseilles at £2-5 with concessions.

PIECE GOODS show no real change. From first hands transactions are on a most limited scale and from the Bazaar the offtake is also inactive.

Mail Steamer Lombardy, from Bombay, arrived.

MR. H. P. St. G. TUCKER has retired from the Bombay Civil Service.

THE directors of the Bank of Bengal, at their meeting on Thursday, made no alteration in the rate of interest or discount.

A SALUTE of eleven guns has been ordered to be fired at sunrise to day, for the departure from the Presidency of Major General J. Forbes, C. B., Commanding Northern Division of the Army, to Ahmedabad.

THE *Indian Daily News* says that another consignment of silver bullion, valued at about 14 lakhs of rupees, has just arrived at Calcutta, a portion of which, amounting to six lakhs of rupees, was made over to the Calcutta Mint on Wednesday last.

MR. DISRAELI'S latest and most impudent joke at the expense of the stupid British public is to appoint Lord Alfred Paget Ambassador at Rome. After this, we may expect to see Mr. John Brown succed Sir P. Wodehouse as Goveor of Bombay.

DURING the week ending 15th of April there were 10,905 bales of cotton despatched to Bombay from the Central Provinces and Berar. The total number up to that date for the season amounted to 193 575, or 33,699 less than at the same period last year.

IT is reported that an order has been issued by the Government of Bengal, directing that Baboo Surendro Mohun Tagore should be addressed as Doctor, in official communications from the Government of Bengal, in consideration of his holding the diploma of the University of Philadelphia, conferring upon him the degree of Doctor of Music.

THE Irrawaddy on her last voyage from Glasgow to Rangoon brought out a quantity of fresh meat packed in ice, and it kept good throughout the voyage and up to the time of reaching Rangoon. This is a novel feature in the way of freight, and as the experiment has proved so successful it is not unlikely that some of the Canal steamers may bring out a supply of fresh meat similarly preserved.

MR. A. C. BAINBRIDGE, C.S., Assistant Commissioner, Rangoon, and lately officiating as judge of the Small Causes Court, died after only two days illness on the 11th April of "black fever" with choleraic symptoms. He was only 26 years of age, was greatly respected by all with whom he came in contact, and his sudden decease, the *Rangoon Mail* says, has cast a gloom over a large circle of acquaintances and friends.

H. M. the King of Burmah is said by the *Rangoon Mail* to be erecting a mud wall round the capital. All available labour—men, women and children—are pressed into the work. What his object may be in pushing on this work it is difficult to say, but it is rumoured in Mandalay that in case of any rupture arising, on the military escort passing to and from Bhamo, the "King of all the Umbrellas" fancies his position will be strengthened thereby.

THE Levée on Monday evening at Government House, Calcutta, though by no means an exciting event, was, the Calcutta *Daily News* says, a success in its way. There was a considerable attendance, some 1,300, we are informed, who passed before His Excellency with far more comfort than has usually been experienced in the afternoon levées. The ceremony must have been most trying to the Viceroy, but the duty seemed to be performed cheerfully, and not as a task.

THE Lahore paper hears that Mr. Lepel Griffin found everything in a most satisfactory state on his arrival at Puttiala after the Maharaja's death, and adds the somewhat needless information "on the best possible authority that there is not the shadow of a suspicion that the late Maharajah met with his death through any foul play, as has been hinted in more than one quarter. The sudden death of the Maharajah, whose previous state of health the public were not aware of, would naturally raise a number of unfounded reports, and put the idea of poison into the heads of uninformed *gobemouches*."

THERE are vague rumours in Madras, the *Madras Mail* says, that Sir William Robinson is destined to succeed Sir W. H. Gregory, at the end of this year as Governor of Ceylon. As his five yearsas Member of Council, Madras, do not expire until December 1878, his promotion to a Governorship a few months hence would be cordially approved by Mr. Huddleston, his prospective successor in Council, and by several other gentlemen who will obtain promotion. There are already two William Robinsons who are Governors of Colonies, namely, the Hon'ble William Robinson, Governor of the Bahama Isles, and the Hon'ble William Robinson, Governor of Western Australia.

WE learn from the *Madras Mail* that the so-called Dewan of Bastar, who has been the great cause of the quarrel now going on in that country between the Raja and his people, went for a long while under the name of the Kabadar. He is a comparatively young man, of the Golla (shepherd) caste, and was brought up in the palace of the Raja. The latter has always shown an extravagant affection for him, and has treated him with such an amount of respect as to greatly offend his own family. The result has been that the half-educated young fellow has had his head turned and has committed numerous acts which would not be tolerated in a well-governed country.

THE Prussian correspondent of the *Times* sent the following telegram to that paper on March 24th:—"Fulat Beg, one of the native leaders in the last attempt of the Khokanders to defend the southern districts of the Khanate, has been taken prisoner by the Russians and hung at Margihlan. He was given up to the Russians by the people of Karategin, in whose territory he sought refuge. He is stated to have killed seven Russian prisoners before flying the country. Autobadschi, the principal chief of the Khokanders in their last struggle, will be sent to European Russia, whither Khudoyar Khan and Nasreddin Khan, the two last rulers of the extinct principality, have preceded him."

A MURDER arising out of an innocently committed outrage upon native superstition, is reported by a contemporary from Akyab. Three Europeans, engineers in the employ of Messrs. Bullock Brothers, were on their way to see a friend, and while walking along found a thread across their path. This thread the villagers supposed would keep cholera from their hamlet so long as it remained intact; but being ignorant of the superstition, the Europeans in question thoughtlessly broke it; the result was that the villagers attacked them, and though two escaped with only a few bruises, the third, Phillips, received such terrible wounds that he was carried into Akyab insensible, and died next morning.

WE are told by the *Pioneer* that a change is imminent in the directorate of Indian State Railways. Lieutenant-Colonel Williams, R. E., has charge of the railways extending from Calcutta to Peshawur and Kurrachee, and it is proposed to break this up into three divisions. Major Staunton, R. E., Engineer in-Chief to the Tirhoot State Railway, will probably administer that of Bengal, which may include the Burmese lines; Lieutenant-Colonel Williams, R. E., will take the North-Western Provinces, including the Rajpootana system; while the Punjab division, which includes the line to Kurrachee, will fall either to Mr. Alexander Grant, M. I. C. E., Engineer-in-Chief to the Punjab northern line, or to Lieutenant-Colonel Peile, R. E., who stands in the same relations to the Indus Valley line. It is understood that each director will be responsible, both for the working of open lines and the construction of new works carried on within his province.

THE *Pall Mall Budget* states that the Russian Engineer Baranowski, who was ordered by the Emperor of Russia on the 26th ultimo to make tracings for a railway from Saratov to Ilskaia, and another from Kusnesk to the junction of the Mulldar-Turgai with the Sarybui-Turgai, has published a report on the subject in the Russian papers. The point of junction of the two Turgais, he says, will in all probability soon become a very important town, and the starting-place of four great lines of railway. These are—the line to Ekaterinburg *via* Troitzk, on the north; the line to India, *via* Taschkend and Turkestan, on the south; the line to Ilezkaia, westward; and the line to Akmolinsk, eastward. From the latter town there will be two other railways, one to Kuznezk and the other to Hankow in China, *via* Urumtchi and Lantchow. Already a company of traders and manufactures from the governments of Moscow and Iwanov are preparing to establish a cotton plantation at this point, on a piece of ground highly favourable for the purpose at the other side of the Syr Darya. "Whether," continues M. Baranowski, "the railway from India to Europe is to pass through Samarcand or through Kokhand and Taschkend can only be settled when the survey is completed from Lahore; but the East Indian trade will, in any case, not be able to avoid the point of junction of the two Turgais on the road from Taschkend to European Russia. That point will thus become our future Alexandria, where Europe will trade with India and China, and the Atlantic communicate with the Indian Ocean and the Pacific."

WITH reference to the Warora Colliery Works and the Chanda Coal and Iron Mines, the following observations appear in the last *Gazette of India*:—"The Government of India have perused with interest the minute by the Chief Commissioner of the Central Provinces. Suggestions are made as to the provision of coal-cutting machinery for the Warora Colliery Works estimated to cost £2,500, and certain experiments are recommended to be made in England with the raw material coal, iron ore and limestone found in the Chanda District of the Central Provinces. The Chief Commissioner may direct the preparation and submission of an indent for sanction of the proposed coal-cutting machinery, but the Government of India desire that the attempt to carry out this industry by labourers should not be abandoned without a further effort. It is thought that some of the difficulty hitherto experienced in procuring workmen may be removed by the completion of the Wardah Valley Railway. Inducements should be held out to labourers to settle near the coal mines by offering them facilities for building huts and by permission to occupy land rent-free; also an experiment should be made of inducing headmen to bring gangs to work under them. A definite proposal of the quantities of each kind of the raw material, which it is considered desirable to send to England for the purpose of experiment, should be reported by the Local Administration, and an estimate of all expenses should be submitted for the sanction of the Government of India, including freight to port of despatch and freight to England. The reduction of the expensive staff now employed at the mines is desirable, and the subject should receive careful consideration."

IN the activity of Mr. Disraeli's Government the *Russki Mir* of St. Petersburg sees a feverish radicalism, such as England has not witnessed for a long time on the part of her Ministers. A series of bold and in the highest degree practical measures, it says, restores to England the important political rôle which Englishmen had forgotten during the Ministry of Mr. Gladstone. At present England alone of European great Powers deals clearly and consciously in conformity with her interests; the other Powers content themselves with putting forth innocent diplomatic notes, and timidly abstain from all positive action. A firm and independent foreign policy is at present represented by England alone, while the continental Powers pursue only a negative policy. Without risk of war or any important sacrifice England has laid her powerful hand upon the international road which connects Europe with Asia, and in part with India. At the same time she fortifies Malta, the central station of the Mediterranean, increases her land and sea forces, and strengthens her influence at Constantinople and Cairo. In the meantime, the *Russki Mir* asks, what has Russia done towards approaching nearer to the Bosphorus, which naturally has greater importance for her than the Suez Canal has for England? This classical portal, without which Russia cannot be mistress in her own house, is still in hands hostile to Russia, from whom the Bosphorus is now as far removed as it was after the Crimean war. The bestowal of the title of Empress upon the Queen is cited by the same journal as a further proof of Mr. Disraeli's radical policy, but it asserts that there is no ground for regarding that title as constituting a stronger bond between England and India. The elevation of India to the rank of a special Empire can only tend to the weakening, not the strengthening, of the English power in that country.

BURMA NEWS.

(FROM OUR OWN CORRESPONDENT.)

THAYETMYO (BRITISH BURMA), 12TH April.

THE last news from "up-country" is contained in a letter from the Resident at Mandalay, which states that Mr. Grosvenor and party had reached Yunan-foo on 6th March, but do not expect to reach the Burman frontier before the end of May. In consequence of this delay the steamer and flat detailed for conveyance of the escort from this station will not leave Rangoon until the 25th inst. and is expected to be at successive stages as follows:—Thayetmyo, 1st May; Mandalay, 5th May; and Bhamo, 10th May. On debarkation at Bhamo the escort will proceed over the Kachyen Hills to the frontier, and as the nature of the ground to be traversed renders it impracticable to convey the usual camp equipage, "tays," or temporary huts, have been constructed at each haltingplace for the troops according to instructions from the Political Agent at Bhamo, and it is said at the express wish of his Golden-Footed Majesty. This is almost an exact outline of the official programme and you will perceive is identical with that premised in a former letter. The men of the escort are to wear white clothing, the intense heat rendering anything more serviceable, quite out of question—(h re the thermometer reaches daily 105° and 106° in the shade)—and as they have to travel through a country without roads, the task is sufficiently arduous. They will be accompanied beyond the British frontier by a Burmese escort, of what strength I have been unable to ascertain, but should surmise it will be a strong one.

We are daily looking out for, or rather dreading the appearance of cholera, the calculated date of its possible appearance being from 12th to 15th inst. It is already prevalent (rumoured to be raging) at Prome and other places down the river, whilst six cases are reported (yesterday) from a populous village exactly opposite this, and with which there is a constant and heavy traffic by water. Some stringent precautions as regards this intercourse are much needed, as passengers come and go unquestioned at present, and the epidemic may at any moment be introduced into this station. Why the disease is so much dreaded is because it has regularly made its appearance at intervals, never of longer duration than three years from time immemorial. Already two seasons have passed without it, and this being the third year the wiseacres are indulging in gloomy forebodings. As to sanitary precautions amongst a careless self-opinionated race like the Burmese, they are very little thought of. True, the people of all classes are very cleanly, what their predilections about scavengering, &c., is nothing short of recklessness, whilst the way they harbour "stinking fish" is of itself sufficient to breed infection.

Things are very dull here just now. The only exciting topic is the departure of the Bhamo escort, the hot weather rendering void all efforts at ordinary occupation or amusement. True, we are in receipt of short theatrical entertainments, and very creditable ones too; last night a musical *soirée* under the direction of Mr. Welding (Bandmaster 89th Regiment) was the attraction and a varied programme was successfully performed. Several gems in the way of selections, including a brilliant clarionet solo (Swiss Aria), and a German waltz, comic songs, Irish songs in character and a plantation song and encore. The beautiful ballad by W. F. Taylor, "*I heard a spirit sing come away*," in Miss Octavia Welding's best style, and "Cherry Ripe," by her sister, Miss Elizabeth Welding, a regular infant prodigy, not nine years old, who sang "Cherry Ripe" to perfection, bringing down the house with an unanimous encore; and also accompanied a comic song on the piano. The "Celebrated Stammering Glee," for three voices, was another laughable addition. So you see if out of the world, we are hardly out of the fashion, nor yet in danger of melancholy whilst we have such able caterers for our amusement. There are two or three troupes of performers rehearsing different pieces for Easter, and we are promised tragedy, comedy, and farce during the carnival time. A cricket match between the 67th and 89th Regiments is on the boards for next week, and whispers of a ball and shooting match are getting adrift.

BOMBAY.

GOVERNMENT WORKHOUSE.—There were sixteen European vagrants in the Government Workhouse yesterday.

SASSOON DOCK.—S. S. Virginia Schillizzi came into dock on Saturday last at 10 A.M., with a general cargo and the s.s. Jupiter, with a cargo of cotton bales, on Sunday. The vessels in dock are the s.s. Jupiter, s.s. Virginia Schillizzi, and s. s. Zeal.

BARODA AFFAIRS.—We hear that Sir T. Madhavarao, the Dewan at Baroda, is at present engaged in preparing the administration report of the State for the past year. The report will be interesting in many points, as it would show the numerous changes that have taken place in the State since the assumption of his office by the new Dewan.

H. M.'s HOUSE OF CORRECTION.—There were in all 291 prisoners in H. M.'s House of Correction yesterday. Of these 50 prisoners were under sentences by the High Court, 212 by the Magistrates of Police, 26 by military courts-martial, and 3 by naval courts-martial. Of the prisoners, 292 were natives and the remaining 62 Europeans.

ARREST IN A THEATRE.—At the close of the performance at the Fort Theatre on Friday evening last, Mr. Superintendent Smith arrested a European, named William Pearce, on a charge of robbing an associate of his at the Strangers' Home, where he resided until Friday afternoon, of the sum of Rs. 95. When arrested, Pearce denied all knowledge of the money.

H. M.'s COMMON JAIL.—There were in all 318 prisoners in H. M.'s Common Jail yesterday. On the criminal side there were 263 pisoners, including 17 women, of whom 34 were non-labour prisoners, 228 for hard labour and 1 under sentence of death. On the civil side there were 55 prisoners, including 4 women. Of these latter, 22 prisoners were under warrants from the High Court, and 33 from the Small Causes Court.

CRUELTY TO ANIMALS.—On Saturday last, a cart-driver named Hurry Joore, was fined Rs. 50 by the Senior Magistrate, Mr. C. P. Cooper, at the Fort Police Court; his being an instance of gross cruelty and torture to his animal.—Hyloo Luximon, a cart-driver, was also on Saturday fined Rs. 3 by Mr. Dosabhoy Framjee, at the Girgaum Police Court, for torturing his bullock, charged at the instance of Mr. Smith, an agent in the service of the Society for the Prevention of Cruelty to Animals.

REFUSING TO PAY BUGGY-HIRE.—On Saturday last, a European, named James Burray, was charged before Mr. Dosabhoy Framjee, at the Girgaum Police Court, at the instance of Constable Soorer, with refusing to pay the legal fare due by him for the hire of a public conveyance. The prisoner admitted the offence, but he said he had no money. His Worship fined him Rs. 2 for refusing to pay the legal fare, and also to pay Re. 1-4 to the complainant, a buggywalla, as fare of the conveyance.

SUDDEN DEATH.—A Coroner's inquest was held on Saturday at the Parsee Punchayetwarrees on view of the body of Eduljee Hormusjee Bamjee. Deceased was about thirty-five years of age, a broker to Messrs. Henry Dodds and Company, merchants. It appears the deceased was subject to pains about the chest and fainting fits. He was attacked with these pains on the night previous and expired from its effects shortly after. Upon the evidence adduced, the following verdict was returned by the jury:—"That the death of the deceased was caused by heart-disease."

THE ROWING MATCH.—The Rowing Match between the boys of the John Connon High School and the men of the 2nd Queen's took place on Saturday evening. The boats were four-oared jolly-boats, the course being from the Apollo Bunder, round the steam tug Dagmar and back. The start was a very fair one, and the juvenile team in a short time manifested their superiority. They won the race amidst the cheers of a crowd of spectators whom the contest had attracted to the pier-head. The management of the John Connon boat reflects great credit on its coxswain—a young gentleman weighing (without his boots) half a hundredweight—while about the style of his entire team there was visible science and finish.

THE RECENT SWINDLE OF RS. 2,000.—It will be remembered that a short time back a swindle was effected by a Mahomedan fakeer on a Hindoo merchant on the pretence of selling him four vessels of gold for a sum of Rs. 2,000, whereas the vessels turned out to be lead covered over thickly with gold leaf. The police have since then been on the watch for the fakeer, and arrested on Saturday two of the accomplices, named Cadur Imaum and Wullee Mahomed, supposed to be implicated in the affair, together with eight or nine others But the old fakeer whose name is believed to be Nubbee Bux but who for the present has assumed the name of Kakeeshaw, and about eight others of his accomplices who are supposed to have shared the booty, are still at large. Enquiries by the police are still in progress and are being vigorously instituted.

REFRACTORY SEAMEN.—Francis Sidegram and twelve other seamen of the British ship Broadalbone were, on Saturday last, charged before Mr. C. P. Cooper, at the Fort Police Court, with wilful disobedience in refusing to do duty on board that ship. The prisoners applied for a postponement in order to procure counsel for their defence. The case was thereupon remanded for hearing to this day.—William Davis, of the British ship Boredale, was, on Saturday, sentenced to hard labour in the Common Jail, until his ship was ready to sail, by the same Magistrate and for a similar offence.—Thomas Gaigley, of the ship Glenhaven, was also sentenced by the same Magistrate, on Saturday, to four weeks' hard labour in the House of Correction for refusing to do duty on board that ship, of which he is an articled seaman.

SUICIDE BY A LUNATIC.—A Coroner's inquest was held on Saturday at the Lunatic Asylum on view of the body of Govind Kannoo. Deceased was a criminse lunatic, admitted into the above asylum at Colaba on the 9th December, 1875, by virtue of a warrant signed by Mr. Lee-Warner, Acting Under-Secretary to Government, under section 480 of the Code of Criminal Procedure. He had been found guilty of attempting to cause grievous hart and was of an unsound mind. The deceased, it appears, previous to this was, generally speaking, a very quiet and orderly man, and was put in the workshops of the asylum to work. On the afternoon previous, while at work there, he deliberately took a knife, the blade of which is about six inches long, and cut his throat, and in a very few moments expired. Upon the evidence adduced the following verdict was returned by the jury:—"That the death of the deceased was caused by his having committed suicide by cutting his throat with a knife.

KIDNAPPING.—On Saturday last, a Hindoo, named Baloo Janoo, a ghorawalla, and a woman, named Rukma, were brought up before Mr. Dosabhoy Framjee, at the Girgaum Police Court, arrested by a warrant issued by His Worship, at the request of a woman named Bhimee, on Friday last, and who stood charged with kidnapping a minor, named Luximon, from lawful guardianship, and also with abduction of said minor, with intent to steal moveable property from the person of such child, and No. 2 with buying the said minor Luximon from the said Baloo Janoo. Prisoner No. 1 said that the child was his own by a woman whom he had been keeping, she having died he gave the child to prisoner No 2 to bring him up. His Worship then asked the prosecutrix to take the child in her arms and when she tried to do so, the child cried and was not willing to go to the prosecutrix but to the female prisoner. His Worship then remanded the case to the 29th instant.

MURDER OF A NEW-BORN INFANT.—On Sunday afternoon, the 16th inst., Dinbaee, widow of the late Manockjee Jussawalla, who is about thirty-seven years of age and the mother of nine children, and resides in a bungalow situated at Bandora next to Mr. Norton's brewery, committed the murder of a new-born infant, with the assistance of a Mahratta female servant, named Savectree. Shortly after the birth of the child, Manockbaee, a Parsee priestess, called upon Dinbaee and remonstrated with her upon her immoral conduct, for Dinbaee's husband died two years ago and urged her to destroy the child in order to avoid public disgrace. The child was then given up to Savectree, who filled its mouth with linen rags and choked it to death. Dinbaee's servant, named Jumsoo, then buried the body in the compound. A *post mortem* examination of the body proved that the infant's death was caused by suffocation and pressure on the wind-pipe. Dinbaee and Savectree were tried on a charge of murder on Friday last, before Mr. Ramchunder Bapoojee, Deputy Collector and Magistrate at Tanna, and have been committed for trial at the next Criminal Sessions to be held at Tanna.

THE RAILWAY MAGISTRATE.—We regret to state that Dr. A. G. Fraser, the Railway Magistrate, has been laid up with fever and consequently he has not attended his Court since Wednesday last.—*Poona Observer*, April 22.

THE MARWARREES AND RYOTS OF THE VILLAGE OF SEWNA.—We understand that the Marwarrees as well as the money-lenders of the villags of Sewna have determined to attach the cattle as well as the moveable and immoveable property belonging to the ryots of the Sewna village, to recover their money from them; as hitherto they were under apprehension of their noses and ears being cut and they have now removed this impression from their minds and determined to ruin the ryots.—*Id.*

THE ALLEGED FORGERY CASE.—Thomas Henry Downing was placed on Friday before Colonel G. C. Evezard, the Cantonment Magistrate and Justice of the Peace, when five witnesses were examined for the prosecution. Mr. Foster Richardson's statement was recorded, who said that two cheques had been stolen from his cheque book and the one before the Court which bore his name was neither drawn nor signed by him, but that his name was forged. He produced the cheque book before the Court and pointed out the cheques which were torn therefrom. He also produced two letters from the accused. One, he said, he received through the post yesterday morning and the other was delivered to him at the railway station, in which the accused expressed his regret and requested his assistance. Four other witnesses' statements were recorded. His Worship put several questions to the accused which he did not answer, but reserved for the High Court.—*Id.*

SUDDEN DEATH FROM HEART DISEASE.

YESTERDAY morning, about eight o'clock, an inquest was held by Dr. Hewlett, the Coroner, at No. 4, Hornby Row, the offices of the Manchester and Bombay Spinning and Manufacturing Co., upon the body of Mr. Robert Ashworth, the managing director of the company, who died suddenly on the previous night. The deceased who came to Bombay from England in June, last, and appeared to enjoy good health, was in company with four other gentlemen at the office about seven o'clock on Saturday evening, and while they were sitting round the table, conversing, Mr. Ashworth suddenly seemed to be taken ill, and leaned over the arm of his chair, pressing his hand to the left side of his body. He did not speak, but, uttering a deep sigh, raised himself straight again in his chair, and became stiff and rigid, his teeth clenching so tightly that his friends were obliged to force his mouth open in order to pour a little water down his throat. A doctor was sent for immediately, but before he arrived, the deceased was dead. A verdict was returned to the effect that death had resulted from heart disease. The deceased gentleman was buried immediately after the inquest. He leaves a wife and several children who are at present in Bombay.

BOMBAY'S PROTEST AGAINST THE REVENUE JURISDICTION ACT.

(*Native Opinion.*)

BOMBAY has again protested against the Revenue Jurisdiction Act of Mr. Hope, but this time our townsmen have done so most strongly and unitedly, and we would fain wish effectually. Whether effectually or not, Bombay has done her duty nobly, fearlessly, and modestly, and it is now the Secretary of State who is to do his. We are fighting for a principle—a just and righteous principle—a principle which has guided the written as well as the unwritten laws of all nations, and which it behoves Government to respect in the interest of policy as well as justice—and it is for the preservation of such principles as these that the Secretary of State for India exists. The chief duty of the Secretary of State is to see that the guiding principles of good Government are not violated by his agents in India in their officious servility to Government as well as to their personal interests and it is now to be seen how he is going to discharge it. It rests with him whether he is to preserve in Western India a principle which has the approval of ages and of reason or whether he is to be guided by the new principle invented by Mr. Hope and others of his Revenue creed and this new principle is that an official suitor is to be a Judge in his own case in matters of right and property in land. Whatever be the result of Bombay's protest against the Act it is better that it is made. For if nothing else, it will at least serve one purpose, and that is that it will show to the Secretary of State and the English public with what alarm and distrust the new Revenue Act or rather the doings of Indian Dracos of our age is regarded in India. And it is well that we as loyal subjects of Her Majesty the Queen should fearlessly and modestly let her Government know the intense dissatisfaction with which the despotic tendency of the recent Indian legislation in general, and the Bombay Revenue Jurisdiction Act in particular is regarded by the Indian public.

And this, we believe, we have succeeded in doing, with very great success, at the last Tuesday's meeting. The meeting was a crowded one, and was very largely attended by the representatives and leaders of all the classes of the Bombay public. There were present some of the independent ex-Bombay members of the local Legislative Council. The present non-official members of the Council were there and took an active part in the proceedings. This is rather an unusual circumstance, but it shows that when the interests of the country is concerned our leaders of society will not be misled by that false moderation of not supporting movements against Government, which some are pleased to call loyalty to Government, but which, we may be allowed to say, is disloyalty of the very worst type. Let the truth and the real popular feeling be told to the Governors and then we shall have as loyal subjects done our duty.

"Any person infringing this bye-law shall be liable to a fine not exceeding Rs. 50 for each offence."

Read memo by the Chief Engineer, dated 10th April, stating that he has not reserveyed the site, but assuming it to be equally suitable to that previously fixed on by him, he has no objection to make. He also states that he does not propose to commence this work till after the monsoon.

RESOLUTION.—The alteration of the site is approved unless any objection should subsequently be raised by the Chief Engineer.

SERIOUS ASSAULT.

ON Saturday last, at the Girgaum Police Court, seven weavers of the Pathan caste, named Kaloo Bhudoo, Majin Bhugeen, Abdool Rahim Mohideen, Yacoob Bheedools, Heerali Lal, Abdoola Kala and Abdoola Peer Mahomed, were placed before Mr. Dosabhoy Framjee, Second Magistrate of Police charged with assaulting one Bhukushkhan Pykhookhan (since dying declaration taken by Mr. Dosabhoy Framjee at the J. J. Hospital was published in our issue of the 3rd instant) on the 28th of March last at the Byculla Flats, near the race-course. The complainant has been discharged from the hospital, having recovered from the injuries he had received, and on Saturday was present in the Court.

The Court was unusually crowded mostly by the Mussulmans of the weaver caste, who are interested in this case.

Mr. Nusserwanjee, pleader, appeared on behalf of all the prisoners.

The complainant was recalled and resworn, and he identified all the prisoners, and his dying declaration was read over to the prisoners when Mr. Nusserwanjee proceeded to cross-examine him:—

I have known these seven defendants (three of whom I identified in the hospital) for two and half years. I have never had a quarrel with any of these men. I know one Bhedoo Peer Mahomed Khan. He was ten or twelve days in hospital with me. He had wounds. He was discharged before me. I say that each of the defendants assaulted me. I am a weaver, so are the defendants. I was assaulted on account of an ill feeling these men bear to my brother. They had a quarrel with him about a year ago. I have been working together with these defendants for the last twelve months. I know nothing about the assault alleged to have been committed against Bahadoor Peer Mahomed. It was twelve o'clock noon, when I was assaulted. I was then passing Kalloo's door. There were about sixty or seventy persons standing there. I know most of them by sight. I saw the seven defendants there. Five of them had bamboo sticks in their hands. From among the sixty or seventy persons who were there, the seven defendants pursued me. Kalloo, No. 1, and Mujjeer, No. 7, had nothing in their hands. They overtook and surrounded me. Mujjeer was the first to assault me. He did so at Kalloo's instigation. He assaulted me with a crowbar which he brought from Kalloo's khatkhana. No. 2, Yacoob, struck me with a bamboo. I saw him coming out of the khatkhana with a knife in his hand. My house was about twenty-five paces distant from the scene of assault. I received no assistance. Prisoner No. 3 struck me with a bamboo on the neck. I staggered under the blow but did not fall down. No. 4 struck me on the back with a bamboo stick. I fell down and he struck me again. There is a chawl between the scene of assault and where the sepoy referred to in my information was standing.

By the Court.—I showed the doctor the wounds that had been inflicted on my head and body.

At this stage the case was adjourned until the 4th proximo.
